Light 2500 - Finishing polish

Finishing polish that removes polishing marks, micro-streaks and holograms.
The combination of nano-abrasive and polishing agents ensures bright surfaces in a matter of little time and effortlessly.
For dark delicate surfaces.

Polish + Wax - Protective polish + wax

Protective polish + wax that removes light oxidation, water stains and little flaws for extremely bright surfaces.
This polymer composite combines the polishing action with the spreading of a highly protective and durable water-repellent layer against the action of UV rays, weather agents and salt/calcareous water. It prevents opacity, stains and marks. It can also be applied by hand and by machine.
